3 TIPS TO PREPARE FOR A BIG PURCHASE

1.) Pay Yourself First. Whether it's buying a bigger house or purchasing a new car, if your monthly payment is going to increase it's important to plan ahead. If you currently pay \$1500/month on a mortgage, but are looking to buy a new house with a \$2000 monthly price tag, paying yourself that extra \$500 into a savings account can help you prepare for that new increase. At the end of the three months you can tell if that increase is going to work for your budget and your lifestyle, PLUS you have an extra \$1500 saved!

2.) Shop Around. When you make a large purchase, it is vital that you shop around to get the best deal possible. This goes for both the thing you'

3.) Wait It Out. It's no secret that the market is super hot right now, which has made most things more expensive. If you have the time (and patience) to wait for the market to stabilize, you may save yourself a lot of money.

PROTECTING YOURSELF

Unfortunately, with harder financial times also come big scams. Ensure that you are only putting your debit/credit card information into safe and secure websites. Look for: a lock icon to the left of the website in the address bar, a website that starts with https:// (the s is the important part), and a privacy policy. While this may not prevent all online fraud, it can deter quite a few scammers from getting your information!
