3 TIPS TO BUDGET BETTER

1.) Make a plan. What are your goals or plans for 2026? Do you want to buy a house, take a trip, or replace an appliance? Determine the costs associated with those items and work them into a realistic budget so you can start planning for those things now.

2.) Check on your accounts. A new year is a great time to pull your credit reports, evaluate your 401Ks and investment accounts, and look through statements to determine if you are paying for any fees or subscriptions you no longer need.

3.) Cancel unnecessary subscriptions. If you're paying for streaming, delivery, or any other kind of subscription that you're not getting the full benefit out of, the new year is a great time to cancel those items. Put those funds you were spending into a savings account or use it to pay for a service you know you will use more often!

Using Shared Branching

Find a branch, WHEREVER you are!

- 📍 Locate a CO-OP Shared Branch at www.SantaFeFCU.com
- 📍 The credit union's tellers can handle your transactions, including : check deposits, cash deposits/withdrawals, and loan payments.
- 📍 You MUST know your Santa Fe FCU five digit account number. If you are unsure of this number, you can find it by logging into online banking. Click on your 01 Share Savings account, then click the 👁 icon to view.
- 📍 Please tell them your credit union is located in Amarillo, TX. The Shared Branch system requires the main location for each credit union. You must have a valid driver's license or government-issued ID.
- 📍 The following will not be available via shared branching: new loans, debit cards, account issues, loan issues, HELOCs, IRAs, Certificates of Deposit, and more. Please contact us for those transactions.

SAVING TIP

Warmer weather brings more time for adventures and fun times with friends and family, but it also brings more opportunities to spend money. If you're looking for cheap or free ways to spend your time, check out your local parks and other events happening around your community!

PROTECTING YOURSELF

Unfortunately, with harder financial times also come big scams. Ensure that you are only putting your debit/credit card information into safe and secure websites. Look for: a lock icon to the left of the website in the address bar, a website that starts with https:// (the s is the important part), and a privacy policy. While this may not prevent all online fraud, it can deter quite a few scammers from getting your information!
