3 TIPS FOR BUDGETING THIS SUMMER

1.) **Save money and teach budgeting.** Taking the family to an amusement park or the zoo can be a fun summer activity, but the extras can really add up! Set each kid a budget to spend on snacks, souvenirs, etc. This helps you know what you're going to spend and teaches them the value of a dollar!

2.) **Plan ahead.** When we get into vacation mode we tend to be less frugal with our spending habits. While vacations are meant to be enjoyed, set yourself a realistic budget so you get to enjoy the trip without coming home with spending regret.

3.) **Find the free stuff.** There are lots of activities that are free or very cheap during the summer. Check out your local Parks and Recreation department or neighborhood page and see what events are out there!

After recent events in the banking world, we want to reassure our members that your money is safe and secure at our credit union. Your money is insured by the NCUA and backed by the full faith of the United States government, up to \$250,000 per depositor.

We are proud to report that your credit union is healthy and growing! If you have any questions about share insurance or regarding your account, please contact us!

“No one has ever lost a single penny of insured share deposits within the credit union system.”

- Todd Harper, NCUA Chairman

SAVING TIP

Sometimes it can feel like there's no money left at the end of the month to put anything into savings. We recommend 'Paying Yourself First' by saving before focusing on anything else. Be realistic with your savings goal and set yourself up for success by creating a good budget!
