# 3 TIPS TO START THE NEW YEAR OFF RIGHT

**1.) Make a plan.** What are your goals or plans for 2024? Do you want to buy a house, take a trip, or replace an appliance? Determine the costs associated with those items and work them into a realistic budget so you can start planning for those things now.

**2.) Check on your accounts.** A new year is a great time to pull your credit reports, evaluate your 401Ks and investment accounts, and look through statements to determine if you are paying for any fees or subscriptions you no longer need.

**3.) Cancel unnecessary subscriptions.** If you're paying for streaming, delivery, or any other kind of subscription that you're not getting the full benefit out of, the new year is a great time to cancel those items. Put those funds you were spending into a savings account or use it to pay for a service you know you will use more often!

# SAVING TIP

The new year is a good time to look at your priorities and determine where you can put your money to make sure you reach your financial goals. Sometimes the best way to save money is by simply not spending it on things that don't align with your goals. This may mean declining invitations, spending more time at home, or avoiding "in the moment" purchases.

## HARRISON BRANCH

We have secured a location for our temporary Harrison Branch. We are currently waiting on our permit applications to be approved so we can continue with the process of getting the temporary location ready to serve members. We appreciate your patience during this process and are still looking forward to opening a new Harrison branch at the current location in 2025.
